5	M.Madhumitha	Reduce manual task creation and assignment	Process Improvement	2

Step 2: Idea Prioritization

The grouped ideas are evaluated based on **feasibility and importance**, and the final idea is selected to move forward with.

Group No.	Final Idea	Feasibility	Importance	Priority Selected
1	Automate Standard Laptop procurement using ServiceNow Flow Designer	High	High	Yes

Final Selected Idea

Standard Laptop Procurement Automation using ServiceNow Flow Designer

The selected idea is to automate the Standard Laptop procurement process using **ServiceNow Flow Designer**. When a Standard Laptop request is approved, the Flow automatically creates a **Catalog Task** and assigns it to the **Hardware** group for laptop configuration.

This idea was selected because it provides a simple automated workflow, reduces manual task creation and assignment, improves task visibility, and helps process approved laptop requests consistently.
