

DEMONSTRATION OF PROPOSED FEATURES

Team ID: SWTID-2026-8434

Project Name: Streamlining IT Procurement: Automating Standard Laptop Orders with Flow Designer

Proposed Features

S.No	Feature Name	Description	Status	Demonstrated Remarks
1	Standard Laptop Service Catalog	Provides a Standard Laptop option under the Hardware Service Catalog for placing a request	Implemented Yes	Standard Laptop request can be placed through Service Catalog
2	Automated Flow	Automatically processes the Standard Laptop request using Flow Designer	Implemented Yes	Flow named Standard Laptop Task was created and activated
3	Service Request Approval	Processes the request after the service request is approved	Implemented Yes	Approval is checked before the Catalog Task is created
4	Catalog Task Creation	Automatically creates a Catalog Task for the requested laptop	Implemented Yes	Catalog Task is created using the Create Catalog Task action
5	Hardware Assignment	Assigns the generated Catalog Task to the Hardware group	Implemented Yes	Assignment Group is set to Hardware
6	Task Description Update	Updates the Catalog Task with the required laptop configuration description	Implemented Yes	Short Description is set to "Laptop need to Configured"

The project documentation explicitly describes the Standard Laptop Service Catalog, Flow Designer flow, approval process, Catalog Task creation, Hardware assignment and task description.
